IMPROVING WORKPLACE DIVERSITY & INCLUSION PRACTICES

Building on the success of its groundbreaking Workplace Diversity & Inclusion (D&I) Surveys from 2015 through 2017, MadREP launched its fourth D&I Survey in early 2018. As with the earlier editions, this year’s survey was used to capture quantitative and qualitative data about workforce demographics, supplier diversity programs, and community engagement while providing companies with a vehicle to self-assess strengths and opportunities relative to diversity in their workforce. The inclusion of a diverse workforce is vital to the sustained economic growth of the region, and assessing the progress of diversity and inclusion efforts by Madison Region employers is a critical step in improving our practices.

The survey was sent to a random sample of 1,903 employers (drawn from 7,520 organizations with 10 or more employees) between February – March 2018 and received 367 responses, for a confidence interval of plus/minus 5.00%. Nearly 93% of respondents based their answers on locations within the Madison Region, with representation from businesses in all eight of the region’s counties. While companies of all sizes responded, 73% have fewer than 50 employees. Eighty-eight percent of responding entities are for-profit and 10% are nonprofit, with the remaining respondents from government, academia, or other.

More than 83% of respondents have been in operation for 11+ years, and more than 71% of respondents report revenue below $5 million. Survey results represent a broad range of industries, with companies from 18 of the 20 industry sectors responding.

**A CRITICAL STEP TOWARD IMPROVING OUR PRACTICES**

While these survey results reveal significant opportunities for improvement, they help us understand where to focus our workplace diversity & inclusion efforts both at the individual company and broader regional level. With continued growth and implementation of these initiatives, the Madison Region will be positioned to become a model for economic inclusion.
